## Quality Policy

AUS-QUAL is a dynamic, innovative company committed to quality management principles.

AUS-QUAL is committed to maintaining a high standard of professional and technical excellence in the delivery of assessment and certification services to all client organisations.

AUS-QUAL is committed to meeting or exceeding the expectations of our clients, by maximising the value adding potential of the standards against which we provide assessment and certification services.

AUS-QUAL will achieve the objectives embodied in this quality policy by maintaining a high level of delivery effectiveness and ensuring that all our activities are performed in an efficient commercially sustainable manner. This in turn will be sustained by the maintenance of a documented quality management system and adherence to the JAS-ANZ requirements for AUS-QUAL's accreditation as a certification body.
